Bertoni s.r.l. nasce intorno al progetto l'Arcobaleno per volere del suo ideatore il sig. Sergio Bertoni che con questa apparecchiatura ha dato inizio ad una nuova gamma di prodotti tecnologicamente avanzati. Grazie alla sua esperienza sul campo, è riuscito a dare un contributo importantissimo all'evoluzione delle macchine irroratrici facendo una lettura critica delle macchine in commercio e sperimentandole in venti anni di lavoro sul campo, cercando di dare soluzioni alle problematiche quotidiane nel pieno rispetto della natura.

L'Arcobaleno rappresenta la realizzazione di un sogno di Sergio Bertoni, quello di aiutare gli altri agricoltori nella distribuzione dei fitofarmaci con due obiettivi fondamentali:

RISPARMIARE E RISPETTARE L'AMBIENTE

SAVING AND RESPECTING THE ENVIRONMENT

PRESERVER ET RESPECTER L'ENVIRONNEMENT
